A JOURNAL FOR HUMAN SCIENCE

Editor: SCOTT D. CHURCHILL

Chairman of the Board of Editors: R. PATTON HOWELL

Production Editor: JOYCE DEMPSEY

M*ethods* is a forum for the communication of ideas and the applications of human science research. We want to promote interchange among the disciplines concerned with understanding human affairs and between the scientific and professional aspects of these disciplines. The editors are open to receiving idea statements or brief reports of research as well as fully developed articles. We are interested in publishing articles that address the practice and application of human science research, the theoretical and methodological issues in the use of alternate methods, and the teaching of human science methods. The editors also welcome submission of student papers that demonstrate qualitative research analyses in any of the human sciences.

Articles must be submitted in APA format (strictly following the *Publication Manual*, 4th edition) to:

Scott D. Churchill (Editor)
Psychology Department
University of Dallas
1845 East Northgate Drive
Irving, TX 75062-4799.

Contributors will be asked to provide a computer disk preferably in Microsoft Word™, or WordPerfect™, otherwise in ASCII format, for articles accepted for publication.

Methods is published once a year by Western Human Science Archives. Institutional subscription rates are \$50 for three issues or \$75 for five issues. Special individual rates are \$8 for one issue, \$20 for three issues, or \$30 for five issues. For overseas airmail delivery, please add \$4.00 per issue.

Subscriptions, changes of address, advertising and other business communications should be sent to: *Methods*; 3518 Armstrong Boulevard; Dallas, TX 75205.

BOARD OF EDITORS
